NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities – Camp Watcha Wanna Do, Ltd. (CWD) primarily operates a free one week resident camp for children age 7 through high school graduation who are surviving cancer. CWD also offers a one day “Kinder Camp” to accommodate younger children who are also surviving cancer but who are too young for a residence camp. Camp is held in Northeast Indiana and typically serves children from Indiana, eastern Illinois, western Ohio and southern Michigan. CWD is funded entirely by community donations and the fundraising efforts of the Board of Directors.

Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of Camp Watcha Wanna Do, Ltd. and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net Assets Without Donor Restrictions – Board Designated – These net assets represent amounts established by the Board of Directors that represent net assets without donor restrictions which have been set aside for an endowment to support future needs of the organization.

Net Assets With Donor Restrictions – These net assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires, that is until the stipulated time restriction ends or the purpose of the restriction is accomplished, the net assets are restricted.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition – The Organization recognizes revenue from the following sources:

Contributions and Grants: The Organization recognizes support when received or unconditionally promised. Grants and contracts are classified as contributions in instances in which a resource provider is not itself receiving commensurate value for the resources provided. Contributions are considered conditional when the agreement with the resource provider includes a barrier that must be overcome and either a right of return of assets transferred or right of release of a promisor's obligation to transfer assets. Conditional contributions are not recognized as revenue until the conditions are substantially met.

Special Events and Sponsorships: The Organization has multiple special events where tickets are purchased for the event and revenue is recognized upon the occurrence of the event. In addition, the Organization will sell sponsorships for the events. When a sponsorship is sold, it contains elements of both an exchange transaction and a contribution. The Organization will recognize the contribution portion once received or unconditionally pledged. The portion related to the exchange transaction is recorded as deferred income until the event occurs at which time it is recognized as revenue.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 – Nature of Activities and Summary of Significant Accounting Policies (Continued)

Revenue Recognition (Continued) –

In-kind Contributions: Contributions of professional services are recorded at estimated fair value when received if such services require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not donated. Volunteers contribute amounts of time to the Organization's activities that do not meet recognition criteria, and the value of that time is not reflected in the financial statements. Similarly, contributions of materials are recorded at estimated fair value when received. During the years ended December 31, 2023 and 2022 there were \$24,523 and \$26,300, respectively, of contributed services and materials meeting the requirements for recognition in the financial statement. During those years, the donated materials were food and prizes for fundraising events and camp.

Property and Equipment – Property and equipment are stated at cost or, if donated, at fair value at the date of the gift. In the absence of donor-imposed restrictions on the use of the asset, gifts of long-lived assets are reported as unrestricted support. The Organization follows the policy of providing depreciation on the straight-line method for financial reporting purposes over the estimated useful lives of the related assets as follows:

Equipment	7 years
-----------	---------

Income Taxes – Camp Watcha Wanna Do, Ltd. is a nonprofit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and qualifies for the 100% charitable contribution limitation. CWD has been classified as an organization that is not a private foundation under section 509(a) of the Internal Revenue Code. However, CWD is subject to federal income tax on any unrelated business taxable income. No unrelated business taxable income was reported in 2023 or 2022.

Camp Watcha Wanna Do, Ltd. follows the guidance in FASB ASC 740-10-25 and determined no material unrecognized tax benefits or liabilities exist as of December 31, 2023. The adoption of 740-10-25 did not impact CWD's financial position or results of operations. If applicable, CWD will recognize interest and penalties related to underpayment of income taxes as income tax expense. As of December 31, 2023 and 2022, CWD had no amounts related to unrecognized income tax benefits and no amounts related to accrued interest and penalties. CWD does not anticipate any significant changes to unrecognized income tax benefits over the next year. The organization is generally no longer subject to examination by Federal and State agencies for years before 2020.

Functional Expenses – The cost of providing the program and other activities has been summarized on a functional basis in the accompanying statements of activities and changes in net assets. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include contract administrator, certain professional services, supplies, information technology, insurance and other expenses, which are allocated on the basis of time and effort. Expenses that can be identified with a specific program or support service are allocated directly according to their material classification.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 – Nature of Activities and Summary of Significant Accounting Policies (Continued)

Advertising and Promotion – Advertising costs are charged to expense during the period in which they are incurred. Advertising expense in the amounts of \$1,627 and \$303 were incurred in the years ending December 31, 2023 and 2022, respectively.

Cash and Cash Equivalents – For purposes of the statement of cash flows, CWD considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Reclassifications – Prior year presentation has been reclassified to conform with the current year presentation. These reclassifications have no effect on previously reported operational results.

Recent Accounting Pronouncements – In February 2016, the FASB issued ASU 2016-2-Leases. The standard will increase the transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements. The standard was effective for CWD beginning January 1, 2022. CWD leases a campgrounds for one week each year, negotiating the lease on an annual basis. CWD also leases a storage unit with an annual contract. CWD has elected not to apply the recognition requirements of ASC 842 to short term leases.

NOTE 2 – Fair Value of Financial Instruments

ASC 820-10-50-1, defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in Camp Watcha Wanna Do, Ltd. principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

ASC 820-10-50-1 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

On March 5, 2001, CWD established an endowment fund with the Community Foundation of Greater Fort Wayne (the "Foundation"). The Foundation has final discretion on the investment and reinvestment of the assets, which are held in "pooled fund" investments. Proportional investment earnings less customary and usual fees are currently being reinvested in the fund according to the terms of the agreement dated February 22, 2001. Future investment earnings will always be distributed or allocated to Camp Watcha Wanna Do, Ltd. In accordance with FASB ASC 958-20-15 the original funds transferred by CWD plus allocated net earnings, have been recorded as an asset of \$75,337 and \$66,257 at December 31, 2023 and 2022, respectively.

NOTE 6 – Community Foundation of Greater Fort Wayne

Camp facilities are rented for the duration of the camp program. A storage unit is also rented for camp equipment. Rent expense was \$41,004 and \$34,359 for 2023 and 2022, respectively. The contracts are negotiated annually. CWD has elected not to apply the recognition requirements of ASC 842 to short term leases as indicated in Note 1.

NOTE 5 – Rent Expense

Camp Watcha Wanna Do, Ltd. generated 35% and 43% of its support and revenue from internal fundraising events in 2023 and 2022, respectively. Were it to occur, a significant reduction in the amount of this fundraising may have a major effect on the operations of CWD.

NOTE 4 – Concentrations

Camp Watcha Wanna Do, Ltd. maintains its cash balances at one financial institution. Deposits at the institution are insured by the Federal Deposit Insurance Corporation. CWD had \$160,182 and \$128,739 of deposits in excess of federally insured limits at December 31, 2023 and 2022, respectively.
