Watcha Wanna know...

Counselor Spotlight

Mindy Lake:

A little about me... I am a Functional Skills Teacher for Northeast Indiana Special Education Cooperative. I teach students with moderate to severe disabilities in middle school. I earned my Bachelor's degree from IPFW and Master's degree from Ball State, and will begin my 11th year of teaching this fall! When I'm not teaching, I love to be in the sun and spend time with family and friends.

This year was my first to be a counselor at CWWDD. Being a part of camp was a way to honor my younger cousin, Erika Sell, who was a former camper. Erika courageously fought a four year battle with leukemia and passed away peacefully earlier this year. Looking back, I wasn't quite sure what to expect at camp. I

think I was expecting to find illness and sadness, but what I actually found was quite opposite!! The campers were happy and eager to be at camp despite any current or past illness. They were supportive of one another and their experiences. They were courageous and determined. Those who chose to share, told personal journeys of strength and hope. Just as Erika did, these campers taught me about hope and strength. I have been deeply inspired by these young individuals.

The dedication, caring, and passion displayed at camp by each of the volunteers, counselors, directors, nurses, etc. was remarkable. It was evident the campers and staff have created a deep bond over time. I feel lucky and blessed to have met the campers and staff. To hear campers describe CWWDD as being "the best place on earth" shows just how much this camp means to them, and I am honored to have been a small part of that.
