CAMP WATCHA WANNA DO

Watcha wanna know...

Until there's a cure, there's a camp!

VIP Spotlight : Ben Dehr/RD Pike and Kyler Drenning

Kyler Drenning—
Kyler found out this past summer (just after camp) that his brain tumor was growing and after going down to St. Jude, they diagnosed him with brain cancer.
He had surgery in July taking out about 90% of the tumor and is currently having radiation at St. Jude!
He is a rock star!

RD Pike and Ben Dehr: These two are amazing! They made a great duo this past summer at camp and are really an important part of the day to day operations at camp. They are on the front lines, dealing with the counselors and YMCA staff. They were part of some of the schedule swaps and dilemmas when Mother Nature got windy and cold and made it rain a full day. They rolled with the planning glitches that sometimes happen when you work with people. They have great relationships with both the staff and the kids and I cannot do my job without their expertise.
Thank you to both of them for all of their hard work !

Smile Cookie Campaign:
