**Campers!**

# VIRTUAL SPRING WEEKEND FAQ'S

HERE ARE SOME DETAILS ABOUT MAY 13-15TH!

---

Oncology patients and their siblings, ages 6-17, are invited to join our team of oncology camp volunteers for the Spring Weekend via Zoom for free.

Patients and their siblings can join us from the hospital or from home.

Please note that campers will need to provide their own technology (computer, tablet, internet, etc.) to participate.

You don't need to turn on your camera or microphone, although we'd love to see your face & talk to you during camp!

A "Camp Kit" will be mailed to each applicant before the program begins.

Register before Friday, May 6th to have a Camp Kit delivered to your home.

Register after Friday, May 6th, and pick up a Camp Kit at your hospital.

The Virtual Camp Show Spring Weekend is via Zoom and will be staffed by a team of vetted & trained volunteers from oncology camps across the United States.

But wait, there's more! The Caregiver 'Cabin Time' session is scheduled for Saturday and Sunday mornings!
